

Amendments to the Specification:

Page 1, ¶3 (beginning at page 1, line 13 to page 2, line 2):

PC software applications have been developed to assist individuals in preparing customized resumes. For example, the assignee of the present application has developed a PC software application that aids users in creating electronic resumes and automatically submitting the resumes to career websites on the Internet. Through a guided resume wizard, job seekers are prompted for all relevant information. Users can select from 100,000 pre-written resume phrases for every major career and then choose from 25 single-click resume designs that transform the entire resume into a different format. For a more detailed discussion, please refer to U.S. Patent No. 6,363,376~~co-pending application No. 09/626,428~~, entitled METHOD AND SYSTEM FOR QUERYING AND POSTING TO MULTIPLE CAREER WEBSITES ON THE INTERNET FROM A SINGLE INTERFACE, filed July 27, 2000, and assigned to the present assignee.
